

What to Pack for a Long Week-end Away and How to Wear It

Whether you're at the beach, out for a spot of shopping or stepping out for dinner, we've got you covered. See our ideas of how to combine our pieces from Packing List #2 with a couple of staples from your wardrobe to make it happen...too easy!

Day 1:

Pack our beach bag flat in your overnight bag and stash a folded carry-all (red pictured here) if you're an options girl. Easier still, Grab & Go! Pack everything in a carry-all, even an extra one folded for the beach – with this colour pallet, perhaps beige.

Day 2:

Wear today what you wore last night for dinner. Look and feel great in our best selling perfect white shirt. It covers all the right places so you can wear it on it's own over swimwear - no problem.

Throw on your ³/₄ pants, a few jewels, glam up your feet and you're ready to hit the scene.

Bring back your jeans and throw over Casablanca. It comes with it's own belt so no need to pack that! The amber jewellery pouch (free with jewellery purchases over \$35) makes a great evening bag option. So pack your jewellery in it and then take it out for dinner and drinks...perfect!

Day 3:

You're coming to terms with heading home, but not before you get your beach fix and lunch.
